

CAST Coordinator Training

Advanced Training for Supervisors of the CAST Prevention Program

The CAST Coordinator Training prepares participants for important supportive tasks related to coaching and supervision of their CAST Facilitator(s) and sustaining CAST programming.

Successful completion of the CAST Facilitator Training is a requirement of participation in the CAST Coordinator Training.

Join us for this 3-hour live webinar, presented in two engaging modules.

01 Creating Infrastructure

After a quick review of the core **CAST Program components**, we'll discuss essential CAST Coordinator tasks related to **building infrastructure** to **support fidelity** of the program and the best **student outcomes**.

02 Support and Supervision

Module 2 involves exploring the **technology platform**, the **digital tools** for virtual groups and completing **outcome evaluation**. We'll also identify best practices for **support and supervision** of your CAST Facilitators.
